COMPANY PROFILE

VG INDUSTRIAL SOLUTIONS

is more than just a supplier
of industrial equipment.

We offer our assistance from the early stages of a project, with our advice on the selection of the required equipment and the design of the systems, all the way through to the installation and aftersales service.

Our company offers 6 product groups, with carefully selected quality equipment.

Our product specialists are always happy to share their experience and specific knowledge with our customers to help them select the best solutions

INDUSTRIAL HOSES

Safety
Break-Away
couplings

- COMPOSITE HOSES
- STAINLESS STEEL HOSES
- PTFE HOSES
- RUBBER HOSES
- COUPLINGS

LIQUID LOADING

TRUCK- & RAILCAR LOADNG

- **Top loading arms**
- **Bottom loading arms**
- **Loading platforms**
- **Folding stairs**
- **Safety cages**

MARINE LOADING

- **Marine hose towers**
- **Marine loading arms**
- **Hose reels**

VAPOR RECOVERY

VAPOR RECOVERY SYSTEMS

ENGINEERING FOR A BETTER WORLD

- Vapor Recovery Units for low and high concentration VOC vapour
- VOC vapour abatement systems
- Regenerative Thermal Oxidizers (RTO)

METERING SKIDS

We are offering a complete solution for fluid transfer and metering systems, but also integration in the end user Process Control System, either SCADA or DCS.

Any kind of measurement technology (PD, turbine, coriolis, ultrasonic), any kind of system (loading, unloading, transfer), any kind of products (crude oil, light products, heavy products, LPG, chemicals, bitumen) could be integrated in our solutions.

PRESSURE SAFETY

- SAFETY RELIEF VALVES
- PRESSURE/VACUUM RELIEF VALVES
- FLAME/DETONATION ARRESTERS
- BURSTING DISCS
- LEVEL GAUGES & SIGHT GLASSES
- MECHANICAL LINE BLINDS

PIPE REPAIR

World leading composite pipeline repair solutions.
For steel, stainless steel and GRE pipelines, above and underground.

- NO LOSS OF PRODUCTION TIME
- NO HOT WORK
- QUICK INTERVENTIONS
- PREVENTS EXTERNAL CORROSION
- CERTIFIED REPAIRS
- UP TO 50 YEARS LIFETIME
- LEAK STOPPER
